[upper animas cement creek index 03262015.xlsx](#)

Chris – Here is an index of documents that we have in our records center so far on the Upper Animas. There could be more if the search was broader or more comprehensive but I told our records person to look for all reports with data in them and to eliminate correspondence and drafts of reports if there was a final report. But I would like the contractor to also look in other agencies' files (on-line??) for additional information. Those agencies could include the Colorado Department of Public Health & Environment – both water & hazardous management sections and the Colorado Dept. of Reclamation, Mining & Safety as well as BLM.

Hi Paula – Please see the attached index, constructed according to your specifications. Please let me know if I can be of further assistance.

Best wishes,

Marcus
